WHEREAS, The public highways, streets and bridges of California are useful, necessary and indispensable arteries of travel and commerce and have been constructed and improved at great public expense; and

WHEREAS, Such facilities have been built and are maintained by the use of funds derived from taxes on property, from federal aid, and from registration fees, gasoline taxes and other fees collected as compensation for road use; and

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, May 31, 1947

*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 1329, entitled: "An act to amend Section 6816 of the Public Resources Code, relating to the disposition of moneys credited to the State Lands Act Fund."

My objections to this bill are as follows:

This bill eliminates the provision which now authorizes money in the State Lands Act Fund to be used in carrying out the purposes of the State Lands Act in such amounts as may be allowed upon approval of the Governor and the Director of Finance, and substitutes therefor provision that such funds may be used only in such amounts as may be appropriated by the Legislature.

The effect of the bill will be to prohibit the creation of deficiencies in the State Lands Act Fund to provide funds to meet urgent and unanticipated needs which may confront the State Lands Commission at any time. The present flexibility has proven advantageous to the State in the past in that the monetary return to the State has often been far in excess of the amounts granted.

This bill singles out the State Lands Commission and prohibits the creation of deficiencies for its needs, while other state agencies supported from special funds may be granted deficiencies under general laws applicable to special funds.

It is vitally necessary for the State Lands Commission to be able to meet emergencies and I, therefore, am returning the bill without my approval.

Respectfully submitted.

EARL WARREN, Governor

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, May 31, 1947

*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 309, entitled: "An act to amend Section 13 of the Construction and Employment Act, relating to the types of projects to be constructed by counties pursuant to said act."

My objections to this bill are as follows:

In 1944 the Legislature appropriated \$10,000,000 for allocation to the counties and the cities of our State for the preparation of plans and the acquisition of sites for public buildings. (Stats. 1944, 4th Ex. Sess. Ch. 196.)

This bill was intended as a means of relieving the expected unemployment which it was then believed would follow the cessation of hostilities in the wars in which the country was then engaged.

Section 1 of that act clearly sets forth that the measure had as its major purpose the prevention of an unexpected wave of unemployment.

Approving of such foresightiness, I signed the bill.

In 1946 the Legislature enacted the Construction and Employment Act, appropriating \$90,000,000 for allocation to counties and cities for the construction of certain local projects. One-third of the county allocation was to be expended for highways, and two-thirds for certain designated projects in which it was found that the State had an interest.

The projects which were found by the Legislature to be thus of interest to the State as a whole were hospitals and sanatoriums, detention homes, schools, sewage facilities, sanitation facilities, roads, highways, tubes, bridges, road and highway facilities, flood control, fire protection and prevention facilities, and harbor facilities.

At the time the measure was being considered it was proposed that the additional structures to be added by this bill, namely, jails, court houses, county office buildings, and libraries, should be included, but they were eliminated as not being impressed with the same state-wide interest. Proponents of that bill stated on the floor that it was not their intention to include such projects as those now sought to be added by the present bill.

I did not approve of that measure and predicted that if the State started down the road indicated by it, the next step would be that county buildings of a purely local nature, such as some of those included in this bill, would be next proposed. In my message with regard to that bill I said:

"The bill inaugurates an entirely new spending policy in State Government. It appropriates for purposes which have not heretofore been accepted as the responsibility of the State. State financial history proves that such a precedent, once established, invariably opens the door to further demands and continuous expenditures."

In Senate Bill No. 309 the theory of unemployment relief and, to a great extent, the requirement of state interests in the public works to be constructed have been abandoned, and the Legislature is merely following the precedent that because the State has made its funds available for county projects expressly limited to those impressed with a state interest, it should now make such funds available for county buildings of all kinds. Thus a dangerous precedent is further enlarged. If this is done now, it will become a practice for the State to finance out of state funds, county and city projects of a purely local nature. An analysis of pending bills indicates that this practice is already anticipated in other legislation.

I have no desire to hamper the legislation passed in 1946 over my veto and, because the cities and counties have been unable to complete their construction programs within the time limit of the act, I recently signed an extension of time for the use of this money. I did not consider this objectionable, because the policy had been determined by the Legislature. However, this bill presents such a further extension as to continue to break down local responsibility for local projects.

For these reasons I am returning the bill without my approval.

Respectfully submitted.

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

May 31, 1947

California State Senate

DEAR FRIENDS: Your floral piece was beautiful, in fact it was outstanding, a beautiful wreath of orchid baby callas and cone flowers.

Frank enjoyed his 22 years in the Legislature; the friendships he made there were very dear to him. In fact, he felt he was still with you, as our good friend Senator Williams kept him posted, and would often come by to confer with him on different subjects.

It was his desire and intention to spend several days with you very soon. He wanted to see you all, but God had other plans for him, and he is now serving in "that house not made with hands."

Very sincerely.

COMMUNICATIONS

The following communication was received, read, and, on motion of Senator Rich, ordered printed in the Journal:

STATE OF CALIFORNIA

GOVERNOR'S OFFICE, SACRAMENTO, June 5, 1947

The Honorable W. P. Rich

Chairman, Senate Finance Committee

State Capitol, Sacramento, California

MY DEAR SENATOR: This is in answer to your request for my opinion concerning Assembly Bill No. 141, which purports to increase the state contribution toward the salaries of superior judges from \$5,000 to \$6,500.

I have no objection to reasonable increases in the salaries of superior judges provided the Legislature is of the opinion that such action should be taken, but I do not believe that such increases should be made only in the event the State pays the entire amount. If the Legislature desires to raise the salaries of all superior judges up to \$1,500 per year and will provide for the state and counties' sharing the additional cost thereof equally, I would have no objection to such action. I believe that because of the nature of the position of superior judge, the county as well as the State should have a financial interest in any blanket salary raises. If the various counties of the State desire to have a salary schedule in excess of this amount, such bills will be considered by me on their merits as they are presented.

Because of these views, I could not give my approval to Assembly Bill No. 141 in its present form.

Sincerely,

EARL WARREN, Governor

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, June 4, 1947*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith without my signature

Senate Bill No. 1348 entitled: "An act to amend Section 5014 of the Public Resources Code, relating to the appropriation of moneys in the State Beach Fund."

My objection is as follows:

This bill eliminates the existing provision of law making a continuing appropriation of the State Beach Fund for improvement and maintenance and provides that such fund may be so used only when specifically appropriated by the Legislature. I am advised that the effect of this bill would be to prohibit the creation of deficiencies in the State Beach Fund to provide funds for urgent and unanticipated needs for money confronting the State at any time in connection with the improvement and maintenance of state beaches. The present flexibility has proven advantageous to the State in the past and should not now be departed from.

I have received objections to this bill from the Director of Finance and the Director of the Department of Natural Resources. In addition, I have been urged to veto the bill by many cities and counties interested in the maintenance of our system of state beaches.

I agree that the provisions of this bill are undesirable and am therefore returning it without my signature.

Respectfully submitted.

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

Senate Bill No. 1348 ordered to the unfinished business file.

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, June 4, 1947*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith without my signature

Senate Bill No. 1349 entitled: "An act to amend Section 5014.1 of the Public Resources Code, relating to appropriations from the State Park Fund."

My objections to this bill are as follows:

This bill places the same limitations on the use of the State Park Fund that Senate Bill No. 1348 places on the use of the Beach Fund. The reasons stated by me for objecting to Senate Bill No. 1348, in my message delivered concurrently herewith, are alike applicable to Senate Bill No. 1349.

Believing that this bill is equally undesirable, I am returning it without my approval.

Respectfully submitted.

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

*Mr. J. A. Beek, Secretary of the Senate
California Legislature, Sacramento, California*

DEAR MR. BEEK: I have been working on various forms of national celebration of the anniversary of the discovery of gold at Coloma and, as proposed by the resolution introduced in the Assembly, recommended to the Postmaster General the issuance of a commemorative stamp.

His letter in reply is not definite but a copy is attached for your information. I will keep in touch with the subject, and will write you again if a decision is made by the Post Office Department.

Sincerely yours,

WILLIAM F. KNOWLAND
United States Senator

OFFICE OF THE POSTMASTER GENERAL
WASHINGTON, D. C., May 22, 1947

*Hon. William F. Knowland
United States Senate*

DEAR SENATOR: I refer to your letter of May 10th, enclosing a copy of an Assembly Joint Resolution No. 41, adopted by the California Legislature on April 23, 1947, calling for the provision of a commemorative stamp to mark the 100th anniversary of the discovery of gold at Coloma, California.

While I assure you this subject will be accorded every possible consideration when arranging the program for next year, I cannot at this time make positive commitment because of the possibility that the schedule arranged for 1947 may not be disposed of by the anniversary date of January 24, 1948.

I wish, however, to thank you for bringing this matter to my attention and your interest in postal affairs.

Sincerely yours,

ACTING POSTMASTER GENERAL

2600. A board is hereby created to be known as the "Board of Physical Therapy Examiners of the State of California," hereinafter referred to as the board, which shall consist of seven members appointed by the Governor.

2601. Each member of the board shall have pursued a course in a regularly chartered or incorporated physical therapy school or college, and must be a graduate thereof and hold a diploma or certificate of graduation therefrom. Each member of the board first appointed hereunder shall have practiced physical therapy in the State of California for a period of three years next preceding the date upon which this chapter takes effect and all subsequent appointees shall be persons registered hereunder. No two persons shall serve simultaneously as members of said board whose first diplomas or certificates were issued by the same school or college of physical therapy, nor shall more than two members be residents of any one county of the State; and no person connected with any physical therapy school or college in an administrative or teaching capacity shall be eligible to appointment as a member of the board.

2602. Within 60 days of the date this chapter takes effect, the Governor shall appoint the members of the board. Of the members first appointed, one shall be appointed for a term of one year, two for a term of two years, two for a term of three years, and two for the term of four years. Thereafter, each appointment shall be for four years, except that an appointment to fill a vacancy shall be for the unexpired term only. No person may serve as a member of the board for more than two consecutive terms.

2603. Any vacancy in the board may be filled by appointment by the Governor; provided, however, that if any such vacancy is not so filled within 60 days after its occurrence the remaining members of the board may fill such vacancy by majority vote.

2604. Before entering upon the duties of this office, each member of the board shall take the constitutional oath of office.

2605. The Governor shall have the power to remove any member of the board from office for neglect of any duty required by law or for incompetency or unprofessional or dishonorable conduct.

2606. The board at its first meeting after appointment, and annually thereafter at its first meeting in each year, shall elect from its members a president, vice president, and such other officers as it may deem necessary. The officers of the board shall hold their respective positions during its pleasure.

2607. For the purpose of transacting its business, the board shall meet at least once every three months, at places designated by resolution. Special meetings may be held at such times as the board may elect, or on the call of the president of the board or of not less than three members thereof. A written notice of the time, place and object of any special meeting shall be mailed by the executive secretary to all members of the board who are not parties to the call, at least 15 days before the day of the meeting. Four members of the board shall constitute a quorum for the transaction of business at any meeting. The executive secretary shall not be a member of the board but shall perform such duties as are delegated by the board and shall be responsible to it for the accomplishment of such duties. The salaries of the executive secretary and other employees employed by the board shall be as fixed by the rules and regulations of civil service for their appropriate classifications. 2617. The advisory council shall organize and elect a president, vice president, and secretary, and shall meet at least twice each year with the Board of Physical Therapy Examiners and at other times on the call of the president or the written demand of any four members. It shall be the duty of the council to advise with the Board of Physical Therapy Examiners concerning any and all matters coming within the purview of this chapter and the enforcement thereof, which in the opinion of the Board of Physical Therapy or the advisory council shall be deemed necessary or expedient.

2618. For the purpose of this act the terms "physical therapy" and "physiotherapy" shall be used interchangeably.

2621. The term "therapeutic massage" as used in this chapter means the kneading, rubbing and massaging of the human body, whether with or without such appliances as steam-baths, vapor baths, electric light baths, or any other similar methods as taught in schools of massage approved under the provisions of this act, but does not include any use of electricity for therapeutic purpose.

2622. A person holding a certificate as a registered physical therapist issued by the said board may use the title registered physical therapist, or the letters "R.P.T.," or any other words, letters or figures which indicate that the person using the same is a California registered physical therapist. No other person shall be so designated or shall use the term physical therapist, physiotherapist, physical therapy technician or masseur. The certificate of registration as a California registered physical therapist or masseur shall not authorize the use of the prefix "Dr.," the word "Doctor," or any suffix or affix indicating or implying that the registered person is a doctor, nor shall it authorize to those who apply for licenses after one year from the effective date of this chapter, or to any person who is registered by reciprocity after the effective date of this chapter, the performance of any physical therapy procedure for therapeutic purpose otherwise than under the direction of a doctor licensed in any of the healing arts, or any others licensed under the laws of the State of California in the healing arts and who practice within the limits of their respective certificates.

2623. Persons not qualified as physical therapists and not licensed as "Drugless Practitioners" shall not utilize electro-therapy measures therapeutically. This chapter shall not prohibit students who are enrolled in accredited, chartered, or incorporated schools of physical therapy and physical education from performing such work as is incidental to their respective courses of study. This chapter does not apply to registered nurses who practice physical therapy procedures incidental to their regular nursing duties in doctors' offices, hospitals, or in patients' homes when such practice is under the direct order and supervision of a doctor licensed in any of the healing arts, or any others licensed under the laws of the State of California in the healing arts who practice within the limits of their certificates. Nothing in this chapter shall apply to any person employed by any agency, bureau or division of the Federal Government while in the discharge of his official duties, nor to any person employed by the United States Government or any bureau, division or agency thereof, in any hospital wholly maintained and supported by it in the State of California while in the discharge of his duties in such institution.

Nothing in this chapter shall apply to any salesman or representative of any supply house who sells physical therapy equipment, while demonstrating such apparatus.

2625. No person not holding a certificate as a registered masseur issued pursuant to this chapter shall practice therapeutic massage in this State. This section shall become effective one year after its enactment.

Article 3. Registration and Certification of Practitioners

2626. Any person wishing to practice physical therapy or therapeutic massage in this State after the effective date of Sections 2624 and 2625 shall make application to the board 15 days prior to any meeting thereof, upon such forms and in such manner as may be provided by the board. Each application must be accompanied by a registration fee of ten dollars (\$10) and a certificate showing that the applicant (a) is of good moral character; (b) is a citizen of the United States or has legally declared his intention of becoming a citizen; (c) is a graduate of a California high school or its equivalent, and graduated from a school of physical therapy equivalent to the minimum set by the American Medical Association or as defined in this chapter

2627. Any person who has engaged in the practice of physical therapy or therapeutic massage in the State of California or taught in a chartered or incorporated school of physical therapy or massage in the State of California one year out of the last three before this chapter takes effect, whether or not under the direction or supervision of a doctor licensed under the laws of the State of California in the healing arts, and any student who is in training in an accredited, chartered or incorporated school of physical therapy or massage in the State of California, and graduates within one year from the effective date of this chapter, may apply to the board for registration, without examination, within one year from the effective date of this chapter; and if the board finds such applicant is of good moral character and is a citizen of the United States or has legally declared his intention of becoming a citizen, and is a citizen of the State of California, he shall be issued a certificate of registration to practice physical therapy or therapeutic massage, whichever his application shows he is qualified to practice, as defined in this chapter and such applicant shall not be required to practice under the direction or supervision of a doctor licensed under the laws of the State of California in the healing arts until his certificate is revoked, but upon reinstatement of his certificate after revocation he shall practice only under the direction or supervision of a doctor licensed under the laws of the State of California in the healing arts.

Any person who has entered the armed forces of the United States during World War II, and who was practicing physical therapy or therapeutic massage in the State of California at any time within one year before entering the armed forces, and who has not been discharged within one year from the effective date of this chapter may apply within six months from the date of his discharge, showing that he was a citizen of the State of California at the time of his entry into the armed service and now is a citizen of the State of California, and shall be issued a certificate hereunder without examination upon a showing of these facts and that he is of good moral character. All veterans who have been administering physical therapy or massage in the medical corps of the armed forces for one year or more before the effective date of this act may also apply for registration without examination, within six months from date of their discharge, providing they were when entering the armed forces and are at the time of application citizens of the State of California.

The board shall have power to provide by appropriate rules and regulations for the registration without examination of persons registered in other states having similar legal standards; provided, such other states extend the same privilege to persons registered in this State.

All applicants for admission without examination shall pay the fees provided for in Sections 2626 and 2629.

2628. Except as provided in Section 2627 hereof, no person shall be registered under this chapter except upon successful completion of an examination given under the direction of the board. Examination shall be in writing but in the discretion of the board may be supplemented by an oral or practical examination in such subjects as the board determines. All examinations shall be conducted by such persons and in such manner and under such rules and regulations as the board may prescribe. Except as herein stated, the board's decision in passing or rejecting an application shall be final, but the board shall state in writing the grounds of rejection of any application rejected. Any applicant who fails to pass the examination by the board may take another examination in the subjects in which he failed without payment of an additional fee, if not less than 6 months nor more than 12 months have elapsed from the date when he took the first examination.

Upon the failure of an applicant to pass the second examination the board may require him to complete additional courses of study designated by the board. Before taking any subsequent examination he shall present to the board satisfactory evidence of having completed such additional courses of study and shall pay an additional fee equal to the fee required for the filing of an original application.

Each applicant shall be designated by a number instead of by name for all parts of the written examination so that the identity will not be disclosed to the examiners until the papers are graded.

A license shall be granted to any applicant who shall make a general average of 75 percent, and not fall below 65 percent in any two subjects.

2629. Registration certificates issued under this chapter shall be valid, unless sooner revoked or suspended, for the current calendar year in which issued, and shall expire on December 31st of each year. Certificates shall be renewable upon application for renewal being made to the board prior to January 15th of each year accompanied by a renewal fee of five dollars (\$5). Failure to file application and fee for renewal on or before January 15th of each succeeding year shall require payment of an additional fee of five dollars (\$5). Failure to file application and fee for renewal prior to February 15th in each year will result in the automatic forfeiture of the certificate to practice physical therapy or therapeutic massage under the provisions of this chapter.

The executive secretary shall, on or before November 1st of each year, mail to all physical therapists and masseurs registered in this State a notice that the renewal fee will be due on or before December 31st of the current year.

2630. The board shall be authorized to approve in California and to accept in other states only those schools of physical therapy and massage whose minimum required curriculum for graduation after completion of a resident course of instruction includes the minimum as set by the American Medical Association or the minimum standard as set for schools of physical therapy or massage in the State of California by this chapter.

The facts constituting such necessity are as follows:

Unless this act becomes effective immediately, grave doubt may exist as to the validity of many millions of dollars of public funds which may be on deposit in banks on September 1, 1947 due to inability to effect deposits in compliance with the terms of the present law and unless this act is in effect on that date, treasurers of cities,

counties, school districts, and other political subdivisions of this State may be compelled to withdraw from banks large sums of public money then on deposit at interest, and either hold the same in currency in their offices or deposit the same without interest. It is necessary that the withdrawal of such an amount of currency from circulation at one time, and the loss of interest thereon, be prevented, and that the radical and objectionable changes in the handling of public financial transactions that would immediately ensue as an inevitable consequence of such withdrawal and holding of currency be obviated, and that the means of deriving revenue from the deposit of such public funds be impeded as little as possible."

SECTION 1. The Department of Natural Resources through the State Park Commission is authorized and directed to make such supplemental surveys as may be necessary to determine what lands are suitable and desirable for inclusion in a well-balanced System of State Beaches and Upland Beach Parks, including those on bays and inlets and tributary rivers thereof. The State Park Commission is authorized to engage nationally recognized engineers or engineering firms, to make all necessary surveys and investigations to determine what lands and shore areas are suitable and desirable for inclusion in a well-balanced System of State Beaches and Small Craft Harbors, particularly to prepare reports and plans for complete beach developments of recreation facilities for public use, with definite and specific development plans and estimates including small craft harbors and recreation developments adjacent thereto, in each of the subject counties of the State of California.

SEC. 2. Such portion of the appropriation made by this act as is available for the development and improvement of ocean beaches, and beach parks, including tide-water bays and inlets and tributary rivers thereof, also areas suitable for small craft harbors, shall be expended only in counties which have adopted a modified master plan of shoreline development in that county.

The Division of Beaches and Parks shall direct its recommendations for restoration and protection against beach erosion, to such federal agencies which have the authority to expend federal funds for such projects, to the end that state emergency funds for California erosion projects may be made available, to "match" the funds provided by the federal funds for such erosion projects, when such expenditure and purpose are first approved by the State Director of Finance.

6. OFFICE OF THE INDUSTRIAL OFFICER
UNITED STATES NAVAL STATION
SAN DIEGO 36, CALIFORNIA, June 6, 1947

*Mr. Joseph A. Beek, Secretary of the Senate
California Legislature, Sacramento, California*

DEAR MR. BEEK: Please allow me to express to the Members of the Senate and the Assembly of the California Legislature my deepest and heartfelt gratitude for the kind thoughts and sentiment expressed in their memorial resolution adopted in honor of my deceased father on Tuesday, March 4, 1947, a copy of which I have received this date.

Naturally, as a son, father's passing constituted an inestimable loss, but I likewise hold in the belief that the people of the State of California shared that loss in that it was men of father's character who made this State great.

Allow me also to include my sincere thanks for your personal condolences that accompanied the letter of transmittal of the memorial resolution.

Sincerely yours,

E. V. DOCKWEILER

UNITED STATES SENATE
COMMITTEE ON APPROPRIATIONS, June 4, 1947

*Mr. J. A. Beek, Secretary of the Senate
Sacramento, California*

DEAR MR. BEEK: This will acknowledge your letter of May 27th transmitting a copy of Senate Joint Resolution No. 19, relative to national cemeteries. I have taken up the matter with the Quartermaster General and will let you know the present status of their plans as soon as I have a report.

Some time ago, at the request of various military and veterans organizations, I took up with the Quartermaster General the possibility of enlarging the cemetery at Point Loma. At that time I received a report to the effect that there is no additional land adjoining or in the vicinity which could be utilized for the purpose. A survey was being made to determine the location of other suitable areas.

I will write you when I have any new information.

Sincerely yours,

WILLIAM F. KNOWLAND
United States Senator

REQUEST FOR UNANIMOUS CONSENT

Senator Crittenden asked for, and was granted, unanimous consent to have the following opinion of the Legislative Counsel relative to Senate Bill No. 715 printed in the Journal in 10-point type:

STATE OF CALIFORNIA

OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO 2, CALIFORNIA, June 8, 1947

*Development of Policy by State Water Resources Board under
Senate Bill No. 715—No. 5376*

*Hon. Bradford S. Crittenden
Senate Chamber*

DEAR SENATOR CRITTENDEN :

QUESTION

You asked us whether the State Water Resources Board will be permitted to develop policy without direction of the Legislature under Senate Bill 715.

OPINION

In our opinion under Senate Bill No. 715, as it now may, the State Water Resources Board will be permitted to develop and recommend policy, but the recommendations made by the board will be advisory only and not binding upon the State.

ANALYSIS

Senate Bill No. 715 is amendatory of four sections of the State Water Resources Act of 1945 (Deering Act No. 9178f). The first two sections of that act declare the policy of the State with respect to water resources and the control of flood and other waters. Then, in Section 3 of that act, the State Water Resources Board is created "as a means of carrying out the policies defined in Sections 1 and 2". None of these provisions are amended by Senate Bill No. 715.

Under the existing act the Water Resources Board is permitted to hold hearings and conduct investigations in any part of California (Sec. 11). The Water Resources Board may represent the interests of the State and of its agencies and political subdivisions as to any matter involving the United States, its departments or agencies, which is within the scope of the powers and duties of the Water Resources Board. To that end, it may correspond, confer and cooperate with the United States, its departments or agencies (Sec. 14).

In addition, the board is required to keep itself informed as to any activities, requirements or procedures of the United States, its departments or agencies affecting any proposed water project within the scope of the State Water Resources Act of 1945 (Sec. 15).

In Section 16 of the present act it is provided:

"The Water Resources Board shall establish general policies, prescribe rules and regulations for the general administration of this act, and may require such information as it deems necessary."

The Water Resources Board or the State Engineer, as engineer for the board, is not at present permitted to make an investigation, study or survey or hold any hearing, prepare any plan or estimates or make

any recommendations unless the board is first requested in writing to do so by a county, city, state agency or public district (Sec. 17).

After making the investigation the board must recommend to the Legislature water development projects, which recommendations are specifically declared in the statute to be advisory only, the Legislature to finally determine the priorities in building projects and the amount of aid to each project which is approved (Sec. 17).

Turning to Senate Bill No. 715, it is noted that in addition to the present power given the Water Resources Board to correspond, confer, and cooperate with the United States, the Water Resources Board or a representative authorized by it, may call, conduct or attend conferences or hearings within or without California with interested persons, agencies or officers of this or any other state or with the Congress of the United States, congressional committees, or officials of the Federal Government concerning water projects, plans or problems (Sec. 11). This provision merely clarifies and emphasizes the power of the State Water Resources Board to call, conduct or participate in conferences or hearings with the United States, its departments and agencies, and with others, but it does not purport to give and it does not give, in our opinion, any power to bind the State or to finally declare the policy of the State.

Under the existing act the board already has the power to develop policy for the State, which policy is specifically declared to be advisory only.

By the amendments to Section 17 of the State Water Resources Act of 1945 made by Senate Bill No. 715 the power of the State Water Resources Board to initiate investigations and surveys is considerably broadened, but these changes do not affect the nature of the report and recommendations made as a result of the investigations.

The existing broad power of the State Water Resources Board in respect to the development of policies and recommendations is indicated in the opinion of the Attorney General, December 2, 1946, Opinion No. 46-259, 8 Ops. Cal. Atty. Gen. 275.

Very truly yours,

FRED B. WOOD, Legislative Counsel
By J. D. STRAUSS, Deputy

Senator Ward Presiding

At 9.45 a.m., Senator Clarence C. Ward of the Thirty-first District, presiding.

*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 818, entitled: "An act to add Sections 1128, 1129, 1130, 1131, 1132, and 1133 to the Streets and Highways Code, and to repeal Section 2692 of the Political Code, relating to the laying out of private or by-roads."

My objections to this bill are as follows:

The County Supervisors Association, in opposing this measure, states that this bill provides a procedure whereby one person may borrow from the county the right of eminent domain for a period of time sufficient to open a road over the land of another. Upon completion, such a road is a private road and is not a county road.

This use of the right of eminent domain is not in accord with good practice, which demands that this right be exercised only in the public interest. Its use is not necessary to secure access to land, as other means are available to private land owners who have a right of way of necessity to secure such access.

Accordingly, I am returning this bill without my approval.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

STATE OF CALIFORNIA

GOVERNOR'S OFFICE, SACRAMENTO, June 10, 1947

*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 702, entitled: "An act to add Section 18596 to the Government Code, relating to the Chief of the State Division of Beaches and Parks."

My objections to this bill are as follows:

This measure would blanket the Chief of the Division of Beaches and Parks under civil service. I believe that the principle of this bill is wrong in that the Division of Beaches and Parks is entitled to use this position as the exempt position of the department because it is one of the most important positions in the department and bears a confidential relationship to the division and to the Park Commission.

This bill obviously is in the interests of a particular individual, rather than the strengthening of the public service.

It would not strengthen good government and I am, therefore, returning it without my approval.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

STATE OF CALIFORNIA

GOVERNOR'S OFFICE, SACRAMENTO, June 10, 1947

*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 421, entitled: "An act to amend Section 20361 of the Government Code, relating to termination of membership in the California State Employees' Retirement System, and declaring the urgency thereof, to take effect immediately."

My objections to this bill are as follows:

This bill would amend the State Employees' Retirement Act to permit an elective officer, who has chosen to be a member, to terminate his membership and receive a refund of his contribution, with interest, at any time prior to reaching age 70. It further provides that such persons, on the effective date of the bill, are allowed until July 1, 1951, to elect to terminate their membership.

As pointed out by the Executive Secretary of the State Employees' Retirement System, this bill would permit an individual who is not compelled to come into the system, but did so of his own volition, to receive the benefit of interest on contributions, to receive disability and death benefit coverage, and, finally, after having had

the advantages of the Retirement System, to refuse to accept a burden by escaping the compulsory retirement at 70 provided in the law.

I do not believe that it is equitable to extend an elective officer a privilege not given to other members of the system, particularly in view of the fact that such an officer has voluntarily chosen to enter the system in the first place.

Such discriminatory provision is not necessary to sound administration of the Retirement System and, in fact, would have a strong tendency to break down orderly administration.

For this reason I am returning the bill without my signature.

Respectfully submitted.

Senate Resolution No. 104

Relative to the creation of the Senate Committee on Employment Stabilization

WHEREAS, On January 27, 1947, Honorable W. P. Rich, Chairman, Joint Legislative Budget Committee, sent a communication to the Senate, calling the members' attention to pertinent data respecting the administration of the State Unemployment Insurance Act and the Employment Service, wherein was pointed out that certain abuses were encountered in the administration of the Employment Stabilization Act, and many complaints had been received from the general public; and

WHEREAS, The files of the Budget Committee contain a great deal of information respecting the administration of the Department of Employment, the abuses encountered, and many complaints from employers and taxpayers, with specific recommendations for remedy; and

WHEREAS, These files and data are available to a Senate committee, showing that the general claim is made that the administration is such that almost any claimant can get unemployment insurance benefit payments, and, that instead of stabilizing employment, it is frequently used to create unemployment; and

WHEREAS, On pages 365 and 387 of the budget are found the items set forth by the Department of Employment as necessary for administration, showing :

Actual, Fiscal Year, 1945-46.....	\$6,682,739 08
Actual and estimated, 1946-47.....	12,873,542 00
Estimated and proposed, 1947-48.....	15,396,547 00

WHEREAS, On April 30, 1947, there were 4,813 personnel on the staff, while during Fiscal Year 1939-40 there were a total of 2,124 personnel on the staff, and it cost but \$3,346,277.73 to administer this same department; and

WHEREAS, All of the moneys used to pay unemployment insurance benefits and all of the moneys used to defray administration costs of the unemployment insurance phase of the act, come directly from the employers in California who are subject to the act; and

WHEREAS, The Legislature has a definite responsibility in providing for proper protection of these funds held in trust; and

WHEREAS, One thousand six hundred fifty-five (1,655) individuals are signing benefit checks in 118 local offices of the department, and large batches of unsigned checks are constantly in each local office without proper safeguard; and

WHEREAS, The Department of Employment has no means of knowing how many checks may be in any file at any time, nor how many or amount of checks may be outstanding against the benefit fund, nor who may be cashing these checks; and

WHEREAS, A loose system is used wherein no one can possibly know what may have become of numbers of checks sent from central headquarters, and no method has been used for tracing or knowing of improper signatures on these benefit checks for possibly some six months after they have been paid by the bank; and

WHEREAS, There are reports in effect that a large portion of the claimants drawing benefits are doing so in direct violation of statute and legislative intent; and

WHEREAS, It is reported that some special patronage method is used wherein certain individuals have been upgraded to better pay and higher classification, while older lists of better qualified employment service personnel were passed by upon the return of the employment service to state control; and

WHEREAS, The Department of Employment requires assistance in finding better methods of doing the job required of it without additional funds being made available to it, due to statements made that the Federal Security Administration fails to furnish sufficient funds, while all of these moneys are derived from the California subject employers in amounts far in excess of California's needs; and

WHEREAS, The Federal Government has collected from the California employers in 10 years ending June 30, 1945, \$84,590,646.08, while during this same period of

time the Federal Government has returned to California but \$29,632,776.26 (Fiscal Year 1945-46, \$14,210,329.78 were collected from California employers), and to date, the Social Security Administration has positively refused to provide funds for the proper audits as set forth in Section 26 of our act; and

WHEREAS, It is necessary that a complete audit be made of all moneys and spot checking of claimants to determine how many have received unemployment insurance benefits unlawfully, how much it has cost the fund for lost, stolen and unlawfully paid checks and benefits, in order to provide proper methods for paying benefits, accounting and administering; and

WHEREAS, The referees have a back-log of 6,339 appeals cases pending, and the appeals board has a back log of 894 appeals cases pending as of April 30, 1947; and

WHEREAS, There is a large back-log of fraud cases pending; and

WHEREAS, It is the responsibility of the Legislature to gather all pertinent factual data respecting employment, unemployment, unemployment insurance and unemployment disability insurance into a central file and properly and intelligently analyze these, to the end that the Legislature may amend the statute in the light of these factual data, and to from time to time assist the Department of Employment to properly present and represent the California problems to the committees of Congress; now, therefore, be it

"The Public Utilities Commission shall have the jurisdiction and authority to require every railroad company or corporation operating any steam or electric railroad in this State to erect and maintain lawful fences on each or either side of such railroad where the same runs through or upon lands of the United States or of the State of California, at such places as the Public Utilities Commission shall determine such fences to be necessary to protect cattle, horses or mules or any other domestic animal being ranged or grazed upon lands adjacent to such railroad from being wounded, maimed or killed by the operation or management of engines, cars or other rolling stock upon or over such railroad, with necessary openings and gates in such fences, and crossings and cattle guards for such openings and gates.

Such jurisdiction and authority shall be exercised in each instance only when verified application shall be filed with such commission by the person or persons owning cattle, horses, mules or other domestic animals with the right or privilege to range or graze the same upon the lands adjacent to the portion of the railroad sought to be fenced.

Such application shall set forth sufficient description of such lands to identify the same and shall designate the agency or department of government administering such lands, and shall also set forth the nature of the right or privilege of each petitioner to range or graze cattle, horses, mules or other domestic animals thereon. Such application shall also specify the ownership of the railroad sought to be fenced.

Upon such hearing the Public Utilities Commission shall determine whether or not any fence or fences shall be necessary to protect cattle, horses or mules or any other domestic animals being ranged or grazed upon the land designated in such application, from being wounded, maimed or killed by the operation or management of engines, cars or other rolling stock upon such railroad and shall then order that fence or fences be constructed and maintained by the railroad company or corporation at such place or places along such railroad adjacent to the lands designated in such petition as the commission in its discretion shall determine and may fix the time within which such fence or fences shall be constructed and may designate the place or places for necessary openings and gates therein and crossings and cattle guards in connection therewith.

Such commission shall also have the jurisdiction and authority to modify or revoke any such order when upon its determinations the necessity for any such fence shall cease to exist.

The failure of any railroad company or corporation to comply with any order of the commission authorized by this section shall not subject such noncomplying railroad company or corporation, or any of its officers, agents or employees, to any penalty other than payment by such railroad company or corporation to the owner of such maimed or killed cattle or other domestic animals, a fair market price for the same.

Nothing herein contained shall require a railroad company or corporation to pay for the maiming or killing of any cattle or domestic animals where such maiming or killing resulted from the neglect or fault of the owner of the same."

From "THE BOYS"

Has there any old fellow got mixed with the boys?
If there has, take him out, without making a noise.
Hang the Almanac's cheat and the Catalogue's spite!
Old time is a liar! We're twenty tonight!

We've a trick, we young fellows, you may have been told,
Of talking (in public) as if we were old—
That boy we call "Doctor," and this we call "Judge";
It's a neat little fiction, of course, it's all fudge.

You hear that boy laughing? You think he's all fun;
But the angels laugh, too, at the good he has done;
The children laugh loud as they troop to his call,
And the poor man that knows him laughs loudest of all!

Then here's to our boyhood, its gold and its gray!
The stars of its winter, the dews of its May!
And when we have done with our life-lasting toys,
Dear Father, take care of thy children, THE BOYS!

—*Oliver Wendell Holmes*

LETTER OF TRANSMITTAL

UNITED STATES DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION

SACRAMENTO 10, CALIFORNIA

P. O. Box 2511, Region 2, June 11, 1947

*Hon. Bradford S. Crittenden**The State Senate**Sacramento, California*

MY DEAR SENATOR CRITTENDEN:

Mr. Durbrow of the Irrigation Districts' Association has informed me that you wish to have made available to you a copy of a draft of contract which has been placed in the hands of certain districts in the San Joaquin Valley. I assume that the form in question is the one which is marked "Sacramento Office Draft 2-27-47" and which would provide for the furnishing to districts of water service from the Central Valley Project and also for the construction of distribution systems.

I am pleased to furnish you with a copy of the form in question for such use as you may care to put it. However, I am also submitting it with the assurance from Mr. Durbrow that if it is printed in the Journal or made a matter of public record it will be accompanied by this letter of explanation.

The attached form was drafted with the view of furnishing a starting point for negotiations with those districts desiring both water service and distribution systems to be furnished by the United States and was handed to a few such districts in order to obtain their suggestions with reference to changes which should be made in it. It has not been submitted to the Secretary of the Interior or the Commissioner of Reclamation for their approval, nor has it been submitted to any district for final approval. As a matter of fact, we are presently revising the form in many important details, partly as a result of the suggestions from the districts with which discussions were had and partly on our own initiative.

I point these facts out in order that there will be no misunderstanding with reference to the draft and so that no one will conclude that this contract represents the final document which will be considered by districts in the Friant-Kern Canal service area of the Central Valley Project. It represents merely an effort to arrive at a mutual understanding and agreement between the United States and the individual districts on a businesslike basis.

Sincerely yours,

PHIL DICKINSON
Acting Regional Director

MOTION TO PRINT OPINION IN JOURNAL

Motion carried.

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO 2, CALIFORNIA, June 12, 1947

Hon. Harold J. Powers
Senate Chamber

DEAR SENATOR POWERS: Assembly Concurrent Resolution No. 73, as adopted by both houses, provides that *on or after June 13, 1947*, neither house may consider its own measures without the recommendation of the presiding officer and permission of three-fourths of the members elected.

The disjunctive phrase *on or after June 13* means that June 12 is the last day for considering Senate measures without such recommendation and permission.

The enclosed resolution grants blanket permission to consider Senate measures at any time during June 13, 1947.

We suggest that it would be appropriate that the Journal show that the presiding officer (the Lieutenant Governor, or in his absence the President pro Tempore) recommends that permission be granted by the Senate to consider on June 13, 1947 measures originating in the Senate.

Then, assuming that the resolution is adopted by vote of 30 or more members, the record would be clear.

Very truly yours,

FRED B. WOOD, Legislative Counsel
By JOSEPH W. PAULUCCI, Deputy

STATE OF CALIFORNIA

GOVERNOR'S OFFICE, SACRAMENTO, June 12, 1947

To the Honorable Members of the Senate

State of California, Sacramento, California

GREETINGS: I am returning herewith without my signature

Senate Bill No. 508, entitled: "An act to repeal an act entitled 'An act to authorize the counties of the State of California to establish retirement systems for their employees', approved May 20, 1919, relating to county employees' retirement systems."

My objection is as follows:

This bill would repeal the County Employees Act of 1919. That act has already been repealed by Senate Bill 1117, which is now Chapter 424, Statutes of 1947. As this bill would accomplish nothing which has not already been accomplished, I am returning it without my signature.

By Senator Dillinger:

Senate Resolution No. 117**Relative to Father's Day**

WHEREAS, Sunday, June 15th, is Father's Day; and

WHEREAS, Father digs up the money, though Heaven knows how, that the Legislature appropriates to raise everyone's salary but his; and

WHEREAS, Though Mother bakes the cake that no one else can make one as good as, it is Father who digs up the dough; and

WHEREAS, It is Father who digs up the fine when Junior breaks the traffic laws that the Legislature makes, and pays for the presents he gets that he doesn't need, such as brush and comb sets for his thinning locks, bravely pretending a masculine allure that he knows doesn't exist; and

WHEREAS, One thing he will receive that he will probably be glad to get is news of the Legislature's early adjournment; and

WHEREAS, It has become customary to set aside days, and even weeks, for many frivolous things such as Santa Clara Prune Day, Modoc County Bull Day, etc., the latter in particular being most appropriate for the Legislature; and

WHEREAS, We hope that Father will live long and prosper, because, see, if he doesn't, who will pay the bills; and

WHEREAS, All in all, Father has a rugged racket; therefore be it

Resolved, That when we do this day adjourn, that we do so in honor of Father.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA
 GOVERNOR'S OFFICE, SACRAMENTO, June 14, 1947

*To the Honorable Members of the Senate
 State of California, Sacramento, California*

GREETINGS: I am returning herewith without my signature

Senate Bill No. 773, entitled: "An act to add Section 1292 to the Military and Veterans Code, relating to certain lands of the State described in Chapter 891 of the Statutes of 1939, and the leasing thereof or of parts thereof or of interests therein to veterans' associations."

My objections to this bill are as follows:

This bill authorizes the Director of Finance and the Director of Veterans' Affairs to lease property under the jurisdiction of the Department of Mental Hygiene to veterans' associations for their use. Previous legislation authorizes the Director of Finance and the Director of Mental Hygiene to sell the same property, and negotiations have been entered into with veterans' organizations for such sale. Apparently such proposed sale is not desired by the veterans' organization involved.

I believe that it would be a mistake for the State to adopt a policy of furnishing sites for the erection of buildings of veterans' organizations. If the State does so for an organization in the City of Stockton, every veterans' organization in every city in the State would have an equal right to request the State to do as much for it. The fact that the State owns a parcel of property for which it has no use and which it intends to sell is immaterial, for the State has purchased this property; and it would be perfectly logical to request the State to purchase equal parcels of property in all of our other communities.

I am satisfied that the present authority to sell the property is sufficient to meet all reasonable demands on the State and, for that reason, I am returning this bill without my approval.

Sincerely,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

Senate Bill No. 773 ordered to the unfinished business file.

STATE OF CALIFORNIA
 GOVERNOR'S OFFICE, SACRAMENTO, June 14, 1947

*To the Honorable Members of the Senate
 State of California, Sacramento, California*

GREETINGS: I am returning herewith without my signature

Senate Bill No. 1353, entitled: "An act to amend Sections 11003 and 11005 and to repeal Section 11004 of the Revenue and Taxation Code, relating to motor vehicle license tax."

My objection is as follows:

I do not believe it is sound or consistent with state policy to transfer the obligations of outstanding highway bonds from the Motor Vehicle License Fee Fund to the General Fund of the State.

If the Legislature desires to enact another bill which would return the motor vehicle in lieu tax to the cities and counties with the exception of a sufficient amount to retire the outstanding state highway bonds which are now being financed from that fund, I will sign such a bill.

I have considered this bill in connection with Senate Bill No. 1351 dealing with the liquor license fees. Both of these bills represent recommendations of the Senate Interim Committee on State and Local Taxation. I consider it a very serious question

as to how far the State can reasonably go in turning over its revenues to local subdivisions of government. The movement to accomplish this result has accelerated in recent years and it is only because current revenues are high that such transfers can be financed.

If business conditions change and there should be a drop off in state revenue, the State will undoubtedly find itself hard pressed for funds. I am of the opinion that until a further study of the tax structure is made, no further changes in the relationship between state and local taxation should be enacted.

Respectfully submitted.

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

Request for Unanimous Consent

Senator Hulse asked for, and was granted, unanimous consent to take up Senate Bill No. 1353, at this time, for consideration.

CONSIDERATION OF SENATE BILL NO. 1353

Governor's message stating his objections read previously.

The question being: Shall Senate Bill No. 1353 become a law notwithstanding the objections of the Governor?

The roll was called, and the Senate sustained the objections of the Governor by the following vote:

AYES—None.

NOES—Senators Breed, Brown, Burns, Cunningham, Deuel, Dillinger, Dilworth, Donnelly, Gordon, Hulse, Jespersen, Judah, Kraft, McBride, McCormack, O'Gara, Powers, Quinn, Rich, Salsman, Slater, Sutton, Swing, Tenney, Ward, Watson, and Williams—27.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, June 14, 1947

*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith without my signature

Senate Bill No. 1390, entitled: "An act to amend Section 1100.1 to the Insurance Code, relating to investments of insurers."

My objection is as follows:

This bill might jeopardize the efficient administration of the Personal Property Brokers Act and the Small Loan Act and other measures for the protection of borrowers. I realize it is intended only to relieve insurance companies of any necessity of obtaining a small loan or personal property broker's license, but it is apparent from the reports of the Corporation Commissioner, the Insurance Commissioner, and the Attorney General that it is uncertain what other changes in our law would be made by its approval.

Both the Corporation Commissioner and the Insurance Commissioner express concern as to the manner in which this bill would affect the administration of our laws for the protection of borrowers. The Insurance Commissioner expresses particular concern that this law might have the effect of exempting loans by insurance companies from the provisions of our law prohibiting deficiency judgments in certain cases. In any event, it is not at all clear what the effect of this bill would be. Because of the danger of breaking down the beneficial provisions found in many of our statutes, I am returning this bill without my approval.

Respectfully submitted.

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

STATE OF CALIFORNIA

OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO 2, CALIFORNIA, June 6, 1947

Constitutionality of A.B. 2522 relating to the State Capitol—No. 5384
Hon. Charles M. Weber
Assembly Chamber

DEAR MR. WEBER: In my opinion this bill if enacted into law would be held constitutional by our Supreme Court should that question come before the court for consideration and decision.

The bill allocates the second, third and fourth floors of the building for legislative and related designated uses, and the first floor for certain other designated offices and functions.

It leaves the management and control of the building in the Department of Finance and authorizes the Director of Finance in assigning space in accordance with the limitations above described to meet and confer with two legislative committees created by the act.

Manifestly, this bill presents none of the separation of powers clause questions mentioned or discussed in the veto message which appears on page 14 of the May 7, 1947, Assembly Daily Journal of the 1947 Regular Session.

Yours very truly,

FRED B. WOOD, Legislative Counsel

Senate Resolution No. 121

Relative to the creation of the Senate Committee on Local Governmental Agencies

WHEREAS, Local governmental agencies during recent years have entered upon various types of enterprises for the service of the inhabitants of the several areas over which such agencies, respectively, have jurisdiction and in which they function; and

WHEREAS, These enterprises in increasing number involve the acquisition of private and public lands within this State, including land owned by the United States Government, and the use and maintenance thereon, within and without the areas thus served, of facilities which are operated, many of them in a proprietary or quasi-proprietary capacity; and

WHEREAS, These circumstances give rise to relationships, contractual and otherwise, between these several agencies and individual citizens, the Federal Government, and other public agencies of this State and other states, relationships which it is the obligation and responsibility of the State as sovereign to be fully advised of, and where necessary to regulate, and the reciprocal obligations of all concerned to clarify and define, in the public interest and for the common weal; now, therefore, be it

Resolved by the Senate of the State of California, As follows:

1. The Senate Committee on Local Governmental Agencies is hereby created and authorized and directed to ascertain, study and analyze all facts relating to the subjects mentioned in the recitals of this resolution particularly as to the status of cities, counties, and public districts as owners and operators of facilities and properties used by them in the service of their inhabitants, and the civil rights, duties, privileges, and responsibilities of such cities, counties and districts toward their inhabitants and toward other persons and public agencies, growing out of, or in any way related to their acquisition, ownership, operation or management of such facilities and properties wherever situate, including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of five Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1949 Regular Session, with authority to file its final report not later than the fifteenth legislative day of that session.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a chairman and vice chairman from its membership.

By Senator Hulse:

Senate Resolution No. 122

Relative to a Senate Committee on State and Local Taxation to make inquiry into every phase of taxation, creating the committee and defining its powers and duties

WHEREAS, The economy of the State of California has during the recent years gone through a revolutionary change, so that industry has assumed an increased importance in relation to agriculture, mining, and commerce; and

WHEREAS, This change has resulted in bringing into the State industries and properties of large value which have not previously been considered in our tax structure, and has created new governmental problems; and

WHEREAS, The increased population incident to this change in our economy has also created new governmental problems and made new demands upon both local and state government; and

WHEREAS, The unprecedented growth of motor transportation and the change-over to the use of diesel fuel in motor transportation during the war period, together with the added population of our State and the concentration in industrial centers, has materially changed the requirements for the support of highways, streets, and bridges; and

WHEREAS, It appears that there may be large sums in the way of federal subsidies granted both to the state and local governments which will directly affect the revenue structure and will require careful examination to coordinate the disposition of these subsidies equitably into the entire revenue program of both state and local government; and

WHEREAS, From the beginning of the State's history, the ad valorem tax has been and still is the fiscal mainstay of local government and has not been adjusted to meet the new conditions; and

WHEREAS, The administration of taxation by the State and by the local governments has not been modernized, in fact has not been materially changed to bring it into line with present or prospective needs; and

WHEREAS, The relative burden of our several taxes on the different classes of taxpayers and different classes of property has not been fully determined; and

WHEREAS, There are new classes of property and rights that have grown up in the State that are not subject to taxation; and

WHEREAS, The acquisition, holding and exchange of land in this State by the United States of America has many aspects and involves varied and varying relationships, including the bearing and effect thereof upon taxes levied or leviable by the State and by local governmental units within the State; and

WHEREAS, Neither the state nor local governments have available to their legislative bodies information concerning all the varied phases of this problem adequate to legislative consideration and action in the endeavor to find and effect a solution; and

WHEREAS, For many years the burdens of government have been increasing both for the state and local governments, including many fixed charges not controllable by administrative bodies but brought about in answer to the demand of the people expressed in continuing legislation or in constitutional requirements, it is imperative that an appraisal be made so that revenues may be made adequate to meet the demands of government, both local and state, and the burdens of taxation may be equitably distributed upon and among the several classes of property and of taxpayers; now, therefore, be it

Resolved by the Senate of the State of California, As follows:

1. The Senate Committee on State and Local Taxation is hereby created, authorized and directed to ascertain, study, and analyze all facts relating to or in any way bearing upon any of the subjects mentioned in the recitals of this resolution, particularly including but not limited to each phase of each and every tax (as herein defined) imposed in this State by any governmental agency (state, local, or federal); the incidence and burden of each such tax upon property, business and the taxpayer and the ability of the latter to pay, also the productivity of each such tax in relation to its cost of administration and in relation to the purposes for which imposed, each of which factors of each tax the committee shall consider, weigh, appraise and evaluate with each such factor of every other tax; the bearing and effect upon state and local taxes and expenditures of the acquisition, holding and exchange of lands in this State by the United States; the present and prospective revenue needs of each agency of government and the most equitable means of meeting each such need, taking into consideration all of the varied forms of tax now in use or that might be devised and put into use, and all existing sources of revenue and new sources of revenue that might be developed; administrative methods and procedures which now obtain in respect to each such tax and how they might be improved; present and prospective governmental expenditures of and the acquisition, management, use and disposition of properties by, each state or local governmental agency and the bearing thereof upon and relation to each and every form of tax now imposed or that might be devised and imposed; and the operation, effect, administration, enforcement, and needed revision of any and all laws in any way bearing upon or relating to the subjects of this resolution; and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of five Members of the Senate appointed by the Senate Committee on Rules. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

SEC. 3. Section 4453 of the Labor Code is amended as follows:

4453. In computing average annual earnings, the average weekly earnings shall be taken at not less than [\$10] *\$15* nor more than [\$38.46] *\$46.16*. Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 95 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 95 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by the week, month, or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 95 percent of the actual weekly earnings averaged for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 95 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

SEC. 4. Section 4656 of the Labor Code is amended to read as follows:

4656. Aggregate disability payments for a single injury causing temporary disability shall not exceed [three] *four* times the average annual earnings of the employee, nor shall the aggregate disability period for such temporary disability in any event extend beyond 240 weeks from the date of the injury.

SEC. 5. Section 4650 of the Labor Code is amended to read as follows:

4650. If an injury causes temporary disability, a disability payment shall be made for one week in advance as wages on the eighth day after the injured employee leaves work as a result of the injury. If the injury causes permanent disability, a disability payment shall be made for one week in advance as wages on the eighth day after the injury *becomes permanent.*

SEC. 6. Section 4313 of the Labor Code is amended to read:

4313. The weekly benefit for civilian defense workers is [twenty dollars (\$20)] *thirty dollars (\$30)* in all cases of temporary total disability except where 65 percent of the average weekly earnings of the civilian defense worker as computed upon the basis of his average income from all sources during the year immediately preceding the date of injury or death is less than [twenty dollars (\$20)] *thirty dollars (\$30)*, in which event the weekly benefit is 65 percent of the average weekly earnings as so computed. In no event may the weekly benefit in cases of temporary total disability be less than [six] *fifteen* dollars [and fifty cents (\$6.50)] *(\$15)* nor more than [twenty dollars (\$20)] *thirty dollars (\$30)*.

SEC. 7. Section 4316 of the Labor Code is amended to read:

4316. The aggregate disability payments for a single injury shall not exceed [three] *seven* thousand [six] *two* hundred dollars [(\$3,600)] *(\$7,200)*, nor shall the aggregate period for temporary total disability in any event extend beyond 240 weeks from the date of injury.

In no event, and not even if the percentage of permanent disability incurred exceeds 70 percent, shall disability payments for permanent disability exceed [three] *seven* thousand [six] *two* hundred dollars [(\$3,600)] *(\$7,200)*.

Where an injury causes both temporary and permanent disability, the injured civilian defense worker is not entitled to both a temporary and permanent disability payment, but only to the greater of the two.

SEC. 8. Section 4317 of the Labor Code is amended to read:

4317. The death benefit shall be a sum sufficient to equal:

(a) In a case of total dependency, 240 times the weekly benefit which would be paid for temporary total disability pursuant to the provisions of Section 4313, but in no event in excess of [three] *seven* thousand [six] *two* hundred dollars [(\$3,600)] *(\$7,200)*, nor less than [one] *three* thousand [five] *six* hundred [sixty] dollars [(\$1,560)] *(\$3,600)*.

(b) In a case of partial dependency only, 240 times the amount weekly devoted to support of the dependents by the civilian defense worker, but in no event in excess of [three] *seven* thousand [six] *two* hundred dollars [(\$3,600)] *(\$7,200)*.

Except as provided in the following paragraph, the death benefit, when added to all accrued disability payments, shall not exceed [three] *seven* thousand [six] *two* hundred dollars [(\$3,600)] *(\$7,200)*.

Disability payments for disability occurring within 12 months after injury shall not be deducted from the death benefit and shall be paid in addition to the death benefit."

Senate Resolution No. 124

Relative to adjournment in respect to the memory of Hugo Hellman Harris

WHEREAS, The death of Hugo H. Harris in Los Angeles on February 16, 1947, took from Los Angeles Post No. 8 of the American Legion, one of its original organizers and most active members; one who exemplified the true spirit of comradeship in serving his post in nearly all offices, including that of Commander, and at the same time, as Chairman of the Department Rehabilitation Committee and as a member of the National Committee, doing extensive and effective work in behalf of less fortunate comrades; and

WHEREAS, Born in Galveston, Texas, on May 30, 1885, Hugo H. Harris came to Los Angeles in 1902, where he became a court reporter until his admission to the bar in 1917. After serving with the American Expeditionary Forces in World War I, he returned to Los Angeles. There, while establishing an enviable reputation as an able attorney, he still devoted much time to the service of his former comrades in arms, serving them generously through their own American Legion and as a member of the State Veterans' Welfare Board for four years, enriching with his warm friendship all who knew him, and occupying at the time of his death at the age of 61 years a position of leadership and esteem in the community which he had both loved and served; now, therefore, be it

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, June 18, 1947

*To the Honorable Members of the Senate
State of California, Sacramento, California*

GREETINGS: I am returning herewith without my signature

Senate Bill No. 1511, entitled: "An act to amend Section 18005 of the Government Code, relating to personnel in state service."

My objections are as follows:

This bill was introduced I understand for the purpose of insuring that an employee about to retire from state service should receive a lump sum payment for his accumulated overtime and unused vacation. Both the Legislative Counsel and the Attorney General advised me that for such purpose the bill is entirely unnecessary. Although it was not so intended, the bill if approved would have the effect of depriving all persons other than permanent civil service employees of any right to receive pay for such accumulated time upon leaving the service for any reason. Thus if this bill should be approved employees in exempt positions and employees in temporary or probationary positions in the state civil service would be deprived of rights to compensation which they now enjoy. I am advised by the Attorney General and the Director of Motor Vehicles that this bill would confuse personnel administration and both the State Personnel Board and the Director of Finance object to the effect of the bill in depriving many state employees of compensation rights which they now enjoy. Because this bill is unnecessary to accomplish the purpose for which it was introduced and because it deprives many employees of their present compensation rights, I am returning it without my signature.

Respectfully submitted.

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

Senate Bill No. 1511 ordered to the unfinished business file.

Opinion of Legislative Counsel

STATE OF CALIFORNIA

OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO 2, CALIFORNIA, June 18, 1947

Conference Committees—No. 383

Hon. George J. Hatfield

Senate Chamber

DEAR SENATOR HATFIELD:

Supplementing our opinion to you of May 14, 1947, we enclose a memorandum setting forth the history of the joint rules pertaining to committees on conference.

Very truly yours,

FRED B. WOOD, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO 2, CALIFORNIA, June 18, 1947

Conference Committee Reports—No. 383

This memorandum supplements our opinion of May 14, 1947, with reference to the requirement under Joint Rule 29 that conference committee reports must be signed by at least a majority of the members of the Senate Committee on Conference and a majority of the members of the Assembly Committee on Conference.

The question of interpretation of the rules on conference committees first arose at the 1911 regular session. At that time the pertinent rule provided that a committee on free conference consisted of six members, three to be appointed from each house. During that session, it was contended and upheld that while a majority of the free conference committee had reported in favor of the adoption of a Senate amendment which the Assembly had refused to concur in, that majority did not consist of a majority of each committee appointed as members of the respective houses and, consequently, that the committee had disagreed and no further proceedings could be had on the bill. (1911 Senate Journal, page 2576.)

A special session of the Legislature was held in November of the same year and the Joint Rules of that session were changed in this respect to provide expressly that "any four" of the six members of the free conference committee could submit a report.

The old rule was restored in 1913 when the conference committee was designated as one consisting of three members from each house, with a provision that it should require an affirmative vote of not less than four members constituting the committee to agree upon a report.

The procedure as to conferences between the houses on amendments was substantially changed in 1929. Prior to that time a bill was first referred to a "conference committee" which was limited to recommending either that the amendments of the other house be adopted or that the house making the amendments in dispute recede. If such a report was not adopted, the bill was then referred to a committee on "free conference" which could report recommendations as to further amendments to a bill.

The 1929 changes in the rule consolidated the rules on conference and free conference and in effect eliminated the preliminary step of sending the bill to conference committee and provided instead that the bill went directly to free conference. The changes at this session further made it clear that a separate committee on conference was to be appointed by each house and the appointments were not to a joint committee.

While the committees of the two houses are now called conference committees, they have in fact all of the powers formerly exercised by free conference committees with respect to recommending amendments to bills where the two houses cannot agree upon amendments.

FRED B. WOOD, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

RECESS
